

HULU SERVICE

ሁሉ ሰርቪስ

Ethiopia's local service marketplace is now live — connecting customers with trusted providers across Addis Ababa.

[Admin console](#) · [Mobile app](#) · [Telegram Mini App](#)

Swipe

Hulu Service

ሁሉ ሰርቪስ

Built as one connected system

Three surfaces, one backend, one mission.

A

Admin Console

React web dashboard — live stats on users, bookings, providers and revenue.

M

Mobile App (APK)

React Native + Expo app for customers and providers, in Amharic and English.

T

Telegram Mini App

Book a provider straight from Telegram — zero install, instant access.

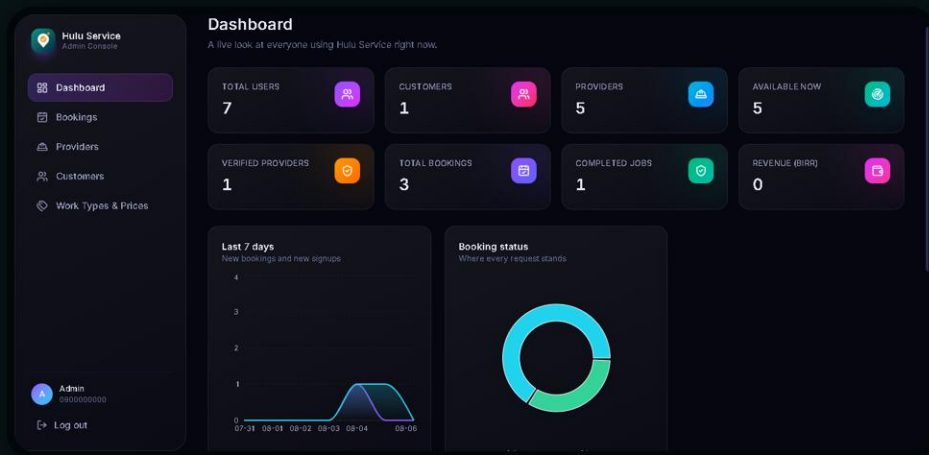

Hulu Service

ሁሉ ሰርቪስ

Admin Console

A live look at every user, booking and provider — built with React.

- Real-time users, bookings & revenue
- Provider verification workflow
- Booking status at a glance

Hulu Service

ሁሉ ሰርቪስ

Sign up in your language

Amharic and English support throughout — customers pick their role and go.

- One toggle: sign up as customer or provider
- Amharic ↔ English, switch anytime
- Providers set skills, rates & experience

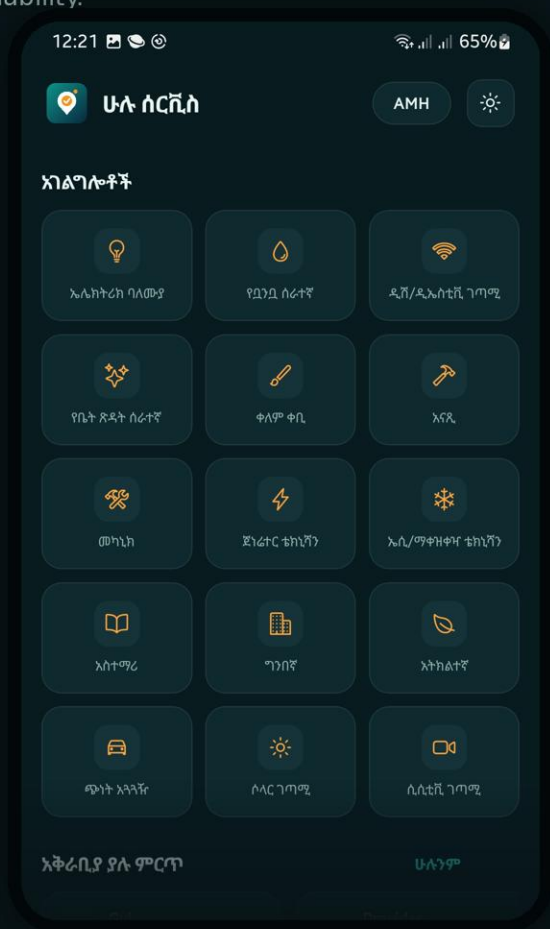

Hulu Service

ሁሉ ሰርቪስ

Find providers nearby

15+ service categories — from electricians to home cleaners — with real-time availability.

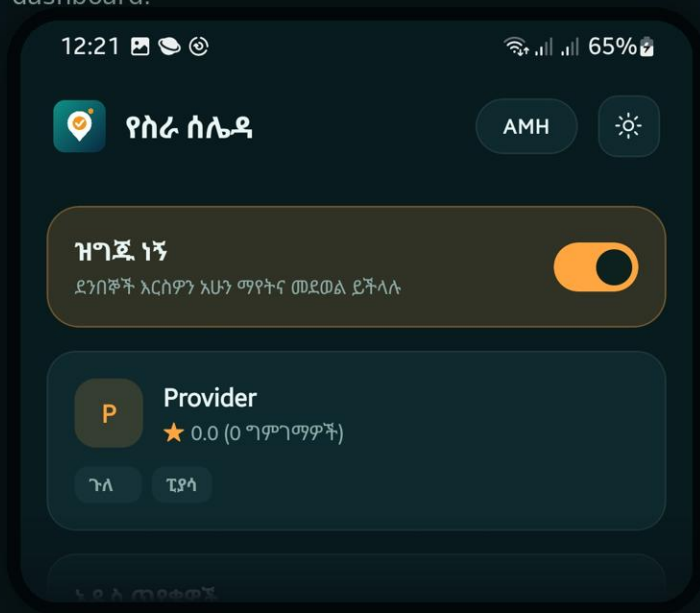

Hulu Service

ሁሉ ሰርቪስ

Providers go online in one tap

Toggle availability, manage job requests and track ratings — all from the provider dashboard.

- One-tap availability toggle
- Ratings & review count, right on the dashboard
- Session stays signed in for 48 hours

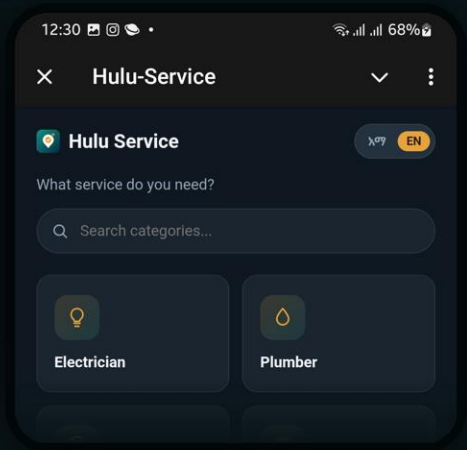

Hulu Service

ሁሉ ሰርቪስ

No install? No problem.

The full booking experience, right inside Telegram.

Search “@Hulu_service_bot” on Telegram

- Tap /start, then Open Mini-App
- Browse categories & book in Amharic or English
- Nothing to install — works for any Telegram user
